UTILITY PERMIT REQUIREMENTS

1) The applicant shall furnish the Seward County Road Department 320 S. 14th St., Seward, NE 68434 with a Certificate of Insurance in accordance with the insurance requirements, "Appendix "B", contained in this permit prior to permit approval.

2) The applicant, or his contractor, shall contact the One Call Notification Center/Diggers Hotline and request location of any buried utilities. Damage to any utilities, either on County right-of-way or adjacent to County right-of-way, shall be repaired at the expense of the applicant or their contractor. Seward County is not responsible for utilities in public right-of-way that are not registered with One Call Notification Center/Diggers Hotline.

3) Areas disturbed by construction shall be restored to pre-construction condition as much as practical. This includes, but is not limited to, compaction of the backfill to a density equal to or greater than the surrounding soil, replacing road and driveway surfacing materials lost during construction, and seeding of the disturbed areas. Weed control of the disturbed areas is the responsibility of applicant and shall be controlled until permanent grass seed is established.

4) Pipe under road shall be one piece with all fittings located outside road surface edge. All pipe and encasements to conform with the current State of Nebraska Policy for Accommodating Utilities on State Highway Right-of-Way and State of Nebraska Standard Specifications for Highway Construction.

5) Paved road crossings shall be dry bored.

6) BORING - All lines up to and including 6 inches in diameter may be bored under the road so as not to disturb road surface. A $50 permit fee shall be paid to Seward County. Bore pits must be filled and compacted equal to pre-construction condition. All lines going under a hard surfaced roadway, regardless of size, shall be bored under the road. Lines 6 inches and smaller may be installed via open trench but the open trench rules and fees must be followed.

7) PLOWING – Utilities pulling cable parallel with county road shall pay a $100 permit fee to Seward County Department of Roads. Installation shall be made a minimum 5 feet inside the edge of either side of the dirt, gravel or rock road and a minimum 3 feet in depth. Installation other than aforementioned shall be approved by the county. Cable shall be bored or pushed under culverts or other drainage structures. Any underground utility facility that crosses a drainage course within the county right-of-way must be installed a minimum four feet below the flow line of the drainage structure or drainage course. If there is a difference in the elevation between the flow line of the drainage structure and the drainage course, the lowest elevation shall be used. Cable may be attached to bridges if placed inside approved encasement and with written permission of the county. Bridge attachment schematic and written permission by the county must be attached to this permit. Indicator tape of warning color shall be buried at a depth of 18" to 24" deep above the location of underground utility installation.

8) OPEN TRENCH - All lines larger than 6 inches in diameter may be trenched across dirt, gravel and rock roads but must be bored under hard surfaced roads. A $150 permit fee will be paid to Seward County. Lines larger than 6 inches may be bored with the same fee as the boring permit fee. All trenches shall be backfilled the same day trench was excavated except for the portion where the work is to be continued the next day. The portion left open for work continuation shall be protected by Type III barricades with flashing lights at night, reference the current edition of the MUTCD.

9) HORIZONTAL CLEARANCE FOR GROUND–MOUNTED FACILITIES – Power poles, anchors, hydrants or any other above ground facility shall be located as close to the right-of-way line as possible. Manholes shall not protrude above the surrounding ground. Under NO circumstances may anchors be installed within roadway horizontal clear zone. All cable anchors shall be delineated with yellow, high-intensity, retroreflective tape on a plastic type sleeve installed on cable anchor.

UTILITY PERMIT REQUIREMENTS

10) Applicant is responsible for the completion of their work, restoration of the road surface and public right-of-way to pre-construction condition and for maintenance to the public right-of-way for damages associated with utility installation as long as utility remains in public right-of-way.

11) Roads may be closed for a maximum of 24 hours. Emergency services, i.e. fire department, ambulance, sheriff's office, etc. must be notified at least 48 hours prior to road closure as to location, length of closure, and any other pertinent information.

12) Seward County reserves the right to inspect barricades and construction procedures and request modifications as necessary to maintain safe passage of traffic. All barricading, flagging, warning signs, etc. shall conform to the most current adopted edition of the Manual on Uniform Traffic Control Devices. A signing plan shall accompany this permit and must be approved by the county prior to permit approval.

13) Applicant agrees to and accepts by its signature the terms of the attached Insurance and Indemnification Requirements.

14) If applicant does not restore road to pre-construction, or does so and settling or other problems arise, the Seward County Road Department will contact the applicant and the applicant shall remedy any deficiency within the time determined by the Seward County Highway Superintendent or their designee. If the applicant does not cure any such deficiency within the time determined by the Seward County Highway Superintendent or their designee to the reasonable satisfaction of the Seward County Department of Roads, or does not promptly respond when notified by the Seward County Department of Roads, then the Seward County Department of Roads shall perform the repair work reasonable and necessary to effect such cure and bill the applicant for expenses incurred. In the event any person, firm, or corporation fails to pay the damages herein the County may assess such damages upon the property in the same manner as other special taxes for improvements are levied and assessed, or the County may sue any such person, firm, or corporation in any court of competent jurisdiction for the amount of the damages due and payable under the terms and provisions of this Permit and may recover a judgment against said party for the amount so due together with interest and attorneys fees.

15) One set of project construction plans must be attached to the permit.

UTILITY PERMIT REQUIREMENTS

ROADWAY CROSS SECTION
NO SCALE

NOTES:

1) This type of crossing to be made at all public county roads.

2) No utility will be buried directly above a drainage structure, **regardless of the burial depth.**

3) Within traveled portion of unimproved roadways, all open cut crossings to be backfilled with material excavated from trench. No sand or crushed rock backfill will be allowed. Backfill must be compacted beneath haunches of pipe filling all voids along pipe. Backfill density to be equal to or greater than surrounding soil.

4) Future road construction work, within public right-of-way, could necessitate relocation of utilities. Utility relocation costs will be borne by the applicant. The County will work in good faith with the applicant with respect to the ultimate decision to re-locate any said utility, provide notice of the same and schedule a time with the applicant to facilitate said relocation.

5) Trees and brush removed to facilitate construction shall be properly disposed of at applicant's expense and not buried or left on county right-of-way.

6) Any requirements not covered in this permit shall conform to the State of Nebraska Policy for Accommodating Utilities on State Highway Right-of-Way and the State of Nebraska Standard Specifications for Highway Construction.

7) Adequate markers shall be placed on the right-of-way line. The markers shall give the name and address of the utility owner and phone number to contact in case of emergency.

I (We) agree to construct the Gas Line (utility) in accordance with the permit requirements and provisions included as a part of this permit.

EXECUTION BY SEWARD COUNTY

The above application is hereby approved subject to the requirements and provisions of the permit.

Seward County Authorized Representative Date

INSURANCE and INDEMNIFICATION REQUIREMENTS

The applicant shall not begin work under this permit until it has obtained all insurance coverages required under this section and such insurance has been approved by the County. The following insurance coverages shall be kept in force during the life of the permit and shall be primary with respect to any insurance or self-insurance programs covering the County, its commissioners/supervisors, officials, agents, representatives and employees.

A. Workers Compensation and Employers Liability Insurance

The minimum acceptable limits shall be the statutory limits as required by the State of Nebraska for Coverage A, Workers Compensation and $500,000 each accident for Coverage B, Employers Liability.

B. Commercial General Liability Insurance

Coverage shall include liability coverage addressing premises and operations, contractual, independent contractors, and products/completed operations. The coverage must protect against claims for damages resulting from bodily injury, including death, personal injury and property damage.

The minimum acceptable limits of liability shall be $1,000,000 each occurrence. If the coverage contains a general aggregate, such limit shall not be less than $2,000,000. The products/completed operations limit shall not be less than $2,000,000. If written on a claims made form, the products/completed operations coverage is to be maintained for two years after final payment.

The County is to be named as an additional insured on the insurance coverage required under this section.

C. Automobile Liability Insurance

Coverage shall include liability coverage addressing claims for damages resulting from bodily injury, including death and property damage, which may arise from the operations of any owned, hired or non-owned automobile. The minimum acceptable limit of liability shall be $1,000,000 Combined Single Limit for each accident.

The County is to be named as an additional insured on the insurance coverage required under this section.

D. Certificate of Insurance

The Applicant shall furnish the County with a certificate(s) of insurance evidencing the coverages required in this section. Such certificate(s)shall specifically state that the insurance company or companies underwriting these insurance coverages shall give the County at least thirty (30) days written notice in the event of cancellation of, or material change in, any of the coverages. If the certificate(s) is shown to expire prior to completion of all the terms of this Agreement, the Applicant shall furnish a certificate(s) of insurance evidencing renewal of its coverage to the County.

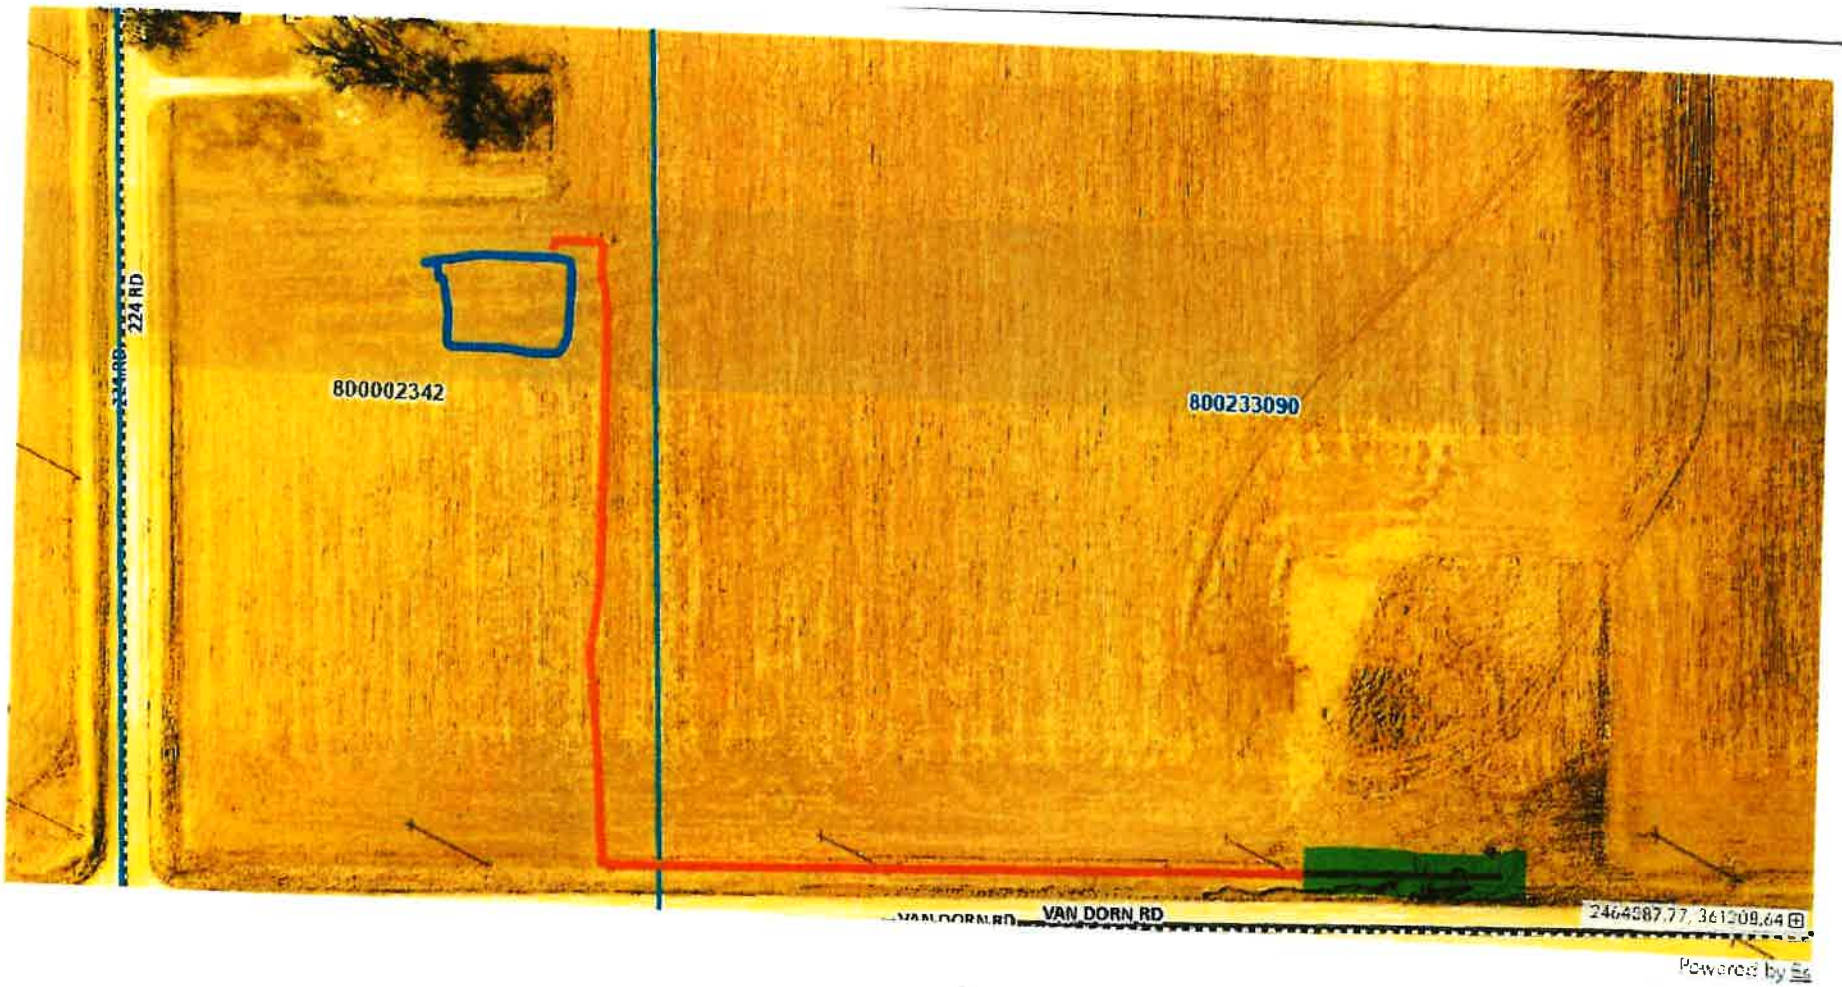

The Applicant shall require each and every subcontractor performing work under this permit to maintain the same coverages required of the Applicant in this section, and upon the request by the County, shall furnish the County with a certificate(s) of insurance evidencing the Subcontractors insurance coverages required in this section.

E. Indemnification-Hold Harmless

The Applicant agrees to indemnify and hold harmless, protect and defend Seward County and its elected and appointed officials, employees, agents, and representatives against any and all claims, demands, suits, actions, payments and judgments, including any and all costs and expenses connected therewith, legal cost or otherwise, for any damages which may be asserted, claimed, or recovered against or from Seward County or its insurers, because of personal injury, including bodily injury or death, or on account of property damage, including loss of use thereof, sustained by any person or persons which arises out of, is in any way connected with, or results from any and all work or activity associated with the work performed under this permit unless such damages are the direct and sole result of Seward County's negligence.

REQUEST FOR OPIOID SETTLEMENT FUNDING

Background

On October 26, 2017, due to the consequences of the opioid crisis affecting our Nation and after consultation with public health officials as necessary, Eric D. Hargan, Acting Secretary of Health and Human Services, determined that a public health emergency exists nationwide. National opioid settlements have been reached with defendants Janssen, Cardinal, McKesson, AmerisourceBergen, Teva, Allergan, CVS, Walgreens, Walmart, and Kroger Co. This website (https://nationalopioidsettlement.com) provides copies of those agreements as well as additional documents and information concerning the proposed settlements. The agreements themselves control the terms of the settlements.

The application process will remain open until funding is depleted. **NOT ALL APPLICATIONS WILL BE APPROVED.**

Funding Application Process:

1. Complete and submit your application, including the required documentation
2. Appear before the Seward County Board of Commissioners to request funding
3. If funding is approved, sign agreement documents
4. Funding Disbursement/Claims
5. Reporting

Applications that are not complete or do not show a direct link to applicable use of the Opioid Funds will be denied.

Please submit your application in one of the following ways:

- Email to Sherry Schweitzer, Seward County Clerk at sschweitzer@sewardcountyne.gov
- By U.S. mail to:
  Seward County Clerk
  529 Seward St, Room 205
  Seward, NE 68434
- Deliver it to the Seward County Clerk's Office at the address above

After application is submitted you will be required to make a formal request before the Board of Commissioners. Meetings commence every Tuesday at 9:00 AM on the third floor of the courthouse. To place an item on the Board of Commissioners agenda, an Agenda Item Request form must be completed and submitted to the Seward County Clerk. The agenda request form can be found by clicking here.

For questions about this application, please contact:
Raegan Hain, Seward County Commissioner

Request for Opioid Funding

Peer Support Specialist Training for York and Seward Counties Problem Solving Court Mentors, Joshua Hans and Travis Tesch

Funding Request: $300 per mentor training ($600 total requested)
Training Provider: CenterPointe, 2202 S 11th St, Lincoln, NE 68502
Date: Monday, February 1, 2027 at 8:00 a.m. through Friday, February 5, 2027 at 5:00 pm

Program Description

The York - Seward Counties Problem Solving Court utilizes mentors as an important component of its recovery support system. Mentors provide encouragement, accountability, practical guidance, and a positive connection to individuals working toward sustained recovery from substance use disorders as well as valuable feedback for the Problem-Solving Court Team.

We are requesting opioid funding to provide **Peer Support Specialist training through CenterPointe**, at a cost of **$300 per participant**, for Problem Solving Court mentors, Joshua Hans and Travis Tesch.

A **Peer Support Specialist** is an individual who has personal experience with substance use and/or recovery and has received specialized training to support others who are navigating their own recovery journey. Peer support is based on the understanding that individuals in recovery can benefit from connecting with someone who has experienced similar challenges and can offer hope, encouragement, understanding, and practical support without judgment.

Benefit to the Problem Solving Court

Providing this training to the Problem-Solving Court mentors would strengthen the recovery support available to participants in Problem Solving Court. A trained mentor would have additional skills and knowledge to:

- Build positive, trusting relationships with participants.
- Provide encouragement and hope during difficult periods of recovery.
- Help participants identify and utilize appropriate community recovery resources.
- Support participants in developing healthy coping strategies and recovery goals.
- Recognize potential barriers to recovery and help participants identify solutions.
- Reinforce the importance of treatment, accountability, and continued recovery.
- Provide support from a lived-experience perspective while maintaining appropriate boundaries.
- Help reduce isolation by providing a positive connection to someone who understands the recovery process.
- Serve as a bridge between participants, treatment providers, community resources, and the Problem-Solving Court team.

Why This Training Is Important

Problem Solving Court participants often face challenges that extend beyond the courtroom and formal treatment setting. Having a mentor who has been trained in peer support provides an additional layer of recovery support that can complement – not replace – professional treatment and clinical services.

Training existing mentors as Peer Support Specialists would allow the Problem-Solving Court to further develop a **recovery-oriented, participant-centered support system**. The training would equip mentors with evidence-informed skills while helping them understand appropriate peer-support boundaries, communication techniques, ethical considerations, and available recovery resources.

The investment of **$300 per mentor** is a relatively small cost with the potential for significant benefit. Once trained, mentors can apply these skills while working with multiple Problem-Solving Court participants, allowing the investment to extend beyond a single individual.

Connection to Opioid Funding

Opioid settlement/funding resources are intended to support strategies that address the impact of opioid and other substance use disorders and strengthen recovery services within communities. Providing Peer Support Specialist training to Problem Solving Court mentors directly supports these goals by increasing the community's capacity to provide recovery-focused support to individuals who are participating in a structured treatment and accountability program.

Investing in the people who directly support individuals in recovery can strengthen the overall Problem-Solving Court program and create a sustainable resource for participants in **both York and Seward Counties**.

Funding Request

We respectfully request **$300 per mentor** to cover the cost of Peer Support Specialist training through CenterPointe.

This training would provide our Problem-Solving Court mentors with additional tools to support individuals affected by substance use disorders and opioid-related challenges, while strengthening the recovery-support network available through the York and Seward Counties Problem-Solving Court.

Alignment with Approved Opioid Settlement Uses

The proposed training directly aligns with the following approved uses identified in Schedule B:

B. Support People in Treatment and Recovery

Schedule B specifically identifies peer support services, community navigators, case management, and connections to community-based services as appropriate recovery supports. It also permits training behavioral health workers to provide or expand these services.

C. Connect People Who Need Help to the Help They Need

Schedule B specifically authorizes funding for peer support specialists and recovery coaches to connect individuals with opioid use disorder and co-occurring conditions to treatment and other appropriate services.

D. Address the Needs of Criminal Justice-Involved Persons

The settlement allows funding for treatment and recovery courts and for recovery support for individuals involved in the criminal justice system. It also specifically supports training related to addressing the needs of criminal justice-involved persons with opioid use disorder.

K. Training

Schedule B specifically allows opioid settlement funds to support staff training and networking programs that improve the ability of government, community, and nonprofit entities to address the opioid crisis.

Specific Project Objectives

Objective 1: Train Problem Solving Court mentors as Peer Support Specialists

Provide approved Peer Support Specialist training to selected Seward-York Problem Solving Court mentors.

Expected outcome:
Mentors completing the training will have additional knowledge and skills to provide appropriate recovery support to Problem Solving Court participants.

Measure of success:

- Number of mentors enrolled in training
- Number of mentors who successfully complete training
- Training completion/certification documentation

Objective 2: Strengthen peer-based recovery support for Problem-Solving Court participants

Use trained mentors to provide participants with consistent, recovery-oriented support from individuals who can relate to the challenges associated with substance use and recovery.

Expected outcome:
Participants will have access to an additional layer of support outside of formal treatment and court supervision.

Measure of success:

- Number of participants receiving mentor support
- Frequency of mentor/participant contacts
- Participant engagement with mentoring services
- Participant feedback regarding the usefulness of mentor support

Objective 3: Improve connections between participants and community resources

Equip mentors with skills to help participants identify and access appropriate treatment, recovery, behavioral health, and community resources.

Expected outcome:
Participants will be more effectively connected to services and support(s) that can address barriers to recovery.

Measure of success:

- Number of connections facilitated by trained mentors
- Types of resources accessed
- Participant follow-through with identified services when appropriate

Objective 4: Support participants involved in the criminal justice system

Increase the Problem-Solving Court's ability to address the unique recovery needs of individuals involved in the criminal justice system.

Expected outcome:
Trained mentors will provide recovery-focused support that complements the court's treatment and supervision structure and helps participants remain engaged in their recovery.

Measure of success:

- Number of criminal justice-involved participants connecting with peer support specialist/mentors
- Participant engagement and success in the Problem-Solving Court program
- Mentor observations and feedback regarding participant engagement
- Program completion and other appropriate court outcomes, when available

Objective 5: Increase the Problem-Solving Court's local recovery-support capacity

Develop an ongoing pool of trained mentors who can provide peer-based recovery support as part of the Problem-Solving Court's existing team approach.

Expected outcome:
The court will have increased local capacity to provide recovery support without relying solely on clinical providers or court personnel.

Measure of success:

- Number of trained mentors available to serve participants
- Continued use of trained mentors following completion of training
- Number of participants served

• Mentor/Peer Support lead alumni group following completion of Problem-Solving Court program

Objective 6: Improve collaboration among treatment, court, and recovery-support services

Use trained mentors as an additional bridge between participants, treatment providers, the Problem-Solving Court team, and community resources.

Expected outcome:
Improved communication, coordination, and continuity of recovery support for participants.

Measure of success:

• Documentation of mentor participation in appropriate team coordination

• Number of connections

• Feedback from Problem Solving Court team members regarding the effectiveness of trained mentors

Project Activities and Timeline

Phase 1 – Mentor Selection

Month 1

• Identify Problem-Solving Court mentors who would benefit from Peer Support Specialist training.

1. Joshua Hans
2. Travis Tesch

• Confirm commitment to complete the training.

• Register selected mentors for CenterPointe training.

Phase 2 – Peer Support Specialist Training

Month 4

• Complete Peer Support Specialist training through CenterPointe February 1-5, 2027

• Develop knowledge and skills related to recovery support, communication, boundaries, advocacy, resource connection, and working with individuals experiencing substance use disorders.

• Document successful completion of training.

Phase 3 – Integration into Problem Solving Court

Month 5

- Utilize trained mentors to support participants and assist with connections to community resources.

Phase 4 – Evaluation

Ongoing

Anticipated Outcomes

The project is expected to:

1. Increase the number of trained peer support resources available to Problem Solving Court participants.

2. Strengthen recovery support for individuals with substance use disorders, including those affected by opioid use.

3. Improve connections between participants and treatment, recovery, and community resources.

4. Strengthen support for individuals involved in the criminal justice system.

5. Improve participant engagement and retention in recovery services.

6. Increase the Problem-Solving Court's ability to provide recovery-oriented, peer-based support.

7. Develop a sustainable local resource that can continue serving participants beyond the initial training investment.

Evaluation Plan

Project success will be evaluated through measurable short-term and long-term outcomes.

Short-Term Measures

- Number of mentors receiving training.
- Feedback from mentors and participants.

Long-Term Measures

- Continued utilization of trained mentors.
- Number of Problem-Solving Court participants receiving peer support.
- Participant engagement in Problem-Solving Court alumni group post-graduation lead by peer support specialist.
- Continued connections to community-based recovery resources.

The evaluation will focus on whether the training increases the Problem-Solving Court's capacity to provide meaningful recovery support and improve connections to services.

Sustainability

The requested funding represents a one-time investment in developing the skills and capacity of existing Problem-Solving Court mentors. Once trained, mentors can continue applying their skills with future Problem-Solving Court participants.

This approach creates a sustainable resource by investing in people who can remain part of the court's recovery-support structure rather than funding only a short-term service.

Budget

CenterPointe Peer Support Specialist Training – Mentor 1	$300
CenterPointe Peer Support Specialist Training – Mentor 2	$300
Total Requested	**$600**

Conclusion

Funding Peer Support Specialist training for Seward-York Problem Solving Court mentors is a direct investment in recovery, connection to care, and support for individuals involved in the criminal justice system. The proposed project is consistent with multiple approved opioid settlement uses, including peer support, connections to care, recovery courts, criminal justice-related recovery services, and workforce training.

By training mentors who are already positioned to work alongside Problem Solving Court participants, the project will increase local recovery-support capacity and provide participants with an additional source of encouragement, accountability, resource connection, and lived-experience-informed support.
